GET TO KNOW US A LITTLE BETTER

When Elam Esh began building furniture in 1990 for a neighbor's woodworking shop, he studied furniture journals and built his own designs in his spare time. Soon, demand for his design led to a start-up business in a barn on his father's farm. At the suggestion of a friend, Elam found that his interest in balance and perception was a good match for the clean lines of Mission and Shaker style furniture. Over twenty-five years later, the Christian morals and hard work ethic of growing up on the farm continue to be the guiding principles behind the Country Classic Collection, delivering strong value and honesty in both our designs and relations. Today, the Country Classic Collection continues to grow with a beautiful selection of Mission, Shaker, Contemporary, and Modern styles, Amish handcrafted in the heart of Pennsylvania Dutch country.

WE STAND BEHIND WHAT WE BUILD

Our Promise To You

- » We promise the handcrafted furniture you purchase is free from defects in material and workmanship for the life of the product.
- » We promise that, if the furniture should fail as a result of defective workmanship, we will repair it, or replace it, with the same or similar piece of furniture.

What We Hope You Never Have To Do

- » But in the event you need to make a claim, we're always here to help. Simply contact the store that you bought your furniture from, and we will make things right.

BUILT TO SATISFY

CUSTOM, LEAN AND AGILE

What we do and why we do it

Yes, we build furniture, but the reason we are here is to serve you. We are primarily in the business of satisfying customers. We do that by embracing lean techniques – doing more with less. We are constantly working on eliminating waste and making the best use of the precious resources God has provided us. By doing this with both our time and materials, we can achieve our goal of exceeding your expectations by continuously delivering more for less!

Go ahead - Customize it!

Because of these innovations in lean manufacturing, each piece is built to order for you with your choice of color, hardware and wood species, as well as any size changes you may need. We can change sizes on any piece to make it longer, higher or wider. You can even add drawers and doors to get exactly what you want.

THE DIFFERENCE

American Made

COUNTRY CLASSIC COLLECTION

1. » **DURABLE FINISH**
Durable catalyzed conversion varnish that is extremely resistant to liquids and most household chemicals and withstands years of wear. **So durable it gets used on flooring!**
2. » **SOLID HARDWOOD**
Top is made of $\frac{3}{4}$ " solid American hardwood.
3. » **STURDY HARDWOOD LEGS**
Strong, sturdy legs are cut out of one piece of solid American hardwood.
4. » **SOLID FRONTS**
Drawer fronts made of substantial $\frac{3}{4}$ " solid American hardwood.
5. » **STURDY MAPLE BOX**
Drawer box made of $\frac{1}{2}$ " solid maple and sealed and finished with the same high quality varnish as the top and rest of unit.
6. » **METAL FULL EXTENSION**
Metal heavy duty ball-bearing slides that allows for Full Extension. Drawer opens and closes smoothly, is sturdy and long-lasting.
7. » **STRONG SIDES**
Sides are made of the same $\frac{3}{4}$ " solid American hardwood that the top is made of. You or your kids will not break these sides!
8. » **SOUND, REINFORCED BOTTOM**
Substantial $\frac{1}{2}$ " bottom pocket screwed with $1\frac{1}{4}$ " screws. This reinforces the stability and solidness of the piece.

IMPORTED

1. » **INFERIOR FINISH**
Susceptible to damage from exposure to liquids, hot products and household chemicals.
2. » **WEAK PARTICLE BOARD TOP**
Top is made of weak $\frac{1}{2}$ " MDF particle board.
3. » **INSUBSTANTIAL LEGS**
Insubstantial legs with multiple pieces of soft wood glued together to give a false appearance of solid legs.
4. » **THIN PARTICLE BOARD**
Drawer fronts made of thin $\frac{1}{2}$ " MDF plywood.
5. » **CHEAP DRAWER BOX**
Drawer box made of cheap particle board with a fake laminated wood pattern on it to give a false appearance of real wood.
6. » **FLIMSY, PLASTIC 3/4" SLIDES**
Plastic clip drawer slide that is loose and flimsy and only allows for $\frac{3}{4}$ " extension. Drawer opens irregularly, tends to wiggle side to side and up and down, has very little support and will tear out rather easily with use.
7. » **FRAGILE PLYWOOD SIDES**
Sides are made of skimpy $\frac{1}{4}$ " plywood that is easily cracked or broken.
8. » **WEAK BOTTOM**
Fragile $\frac{1}{4}$ " particle board bottom fastened with staples. This thin bottom makes the entire piece less stable and allows entire unit to twist and torque.

PRODUCT *Warranty*

OUR PROMISE TO YOU

- » We promise the handcrafted furniture you have purchased today is free from defects in material and workmanship for the life of the product.
- » We promise that, if the furniture should fail as a result of defective workmanship, we will repair it, or replace it, with the same or similar piece of furniture.

WHAT WE ASK IN RETURN

- » We ask that you use the furniture for the purpose for which the piece was designed.

COMMON SENSE WE CAN AGREE ON

- » Normal wear and tear, seasonal splits, or damage related to alteration, accident, misuse, improper care, or negligence are not within reason, and should not, and do not apply to this guarantee.

WHAT WE HOPE YOU ENJOY

- » A lifetime of use, beauty, and peace of mind knowing the craftsmen you purchased your furniture from stand behind the integrity of their work.

WHAT WE HOPE YOU NEVER HAVE TO DO

- » But in the event you need to make a claim, we're always here to help. Simply contact the store that you bought your furniture from and we will make things right. If it is necessary to return the product to our workshop, the purchaser is responsible for all packing and shipping costs. Thank you for putting your trust in our dedicated craftsmen!

ENVIRONMENTAL *Control*

Our high-quality home furnishings are crafted with genuine, solid wood which is a natural fiber. It will take on and release moisture as Relative humidity (RH) changes with the seasons. Avoiding extreme RH (below 30% or above 65%) is beneficial for maintaining the great function and beauty for generations;

- » Maintain relative humidity at *35-45%

Note: Low RH, i.e. 30% or less is usually more of a concern than higher RH.

- » Avoid placing your furniture in direct sunlight or near vents and heat sources such as radiators or stoves.
- » Avoid storing in uncontrolled environments such as; garages, basements and attics

* There are a few things that can be done to maintain RH. The best of course being to run a humidifier in the winter and a dehumidifier in the summer.

FURNITURE *Cleaning*

We recommend using a soft, damp cloth wiping with the grain. This is all that is needed to keep your furnishings looking great!

- » Avoid dusting with a dry cloth as this may cause small scuffs in your premium finish. If you desire to use a cleaner or furniture polish, avoid using ones that contain ammonia or silicone.
- » Clean up spills using warm water and a mild soap if necessary. While our finish is EXTREMELY chemical & water resistant standing liquids and solvents can cause damage with time.
- » Although not necessary, waxing regularly with a certified, furniture wax can enhance the life and luster of your hardwood furniture.

SHOWN ON CHERRY WOOD

COC: Cocoa / ocs 122

SHOWN ON RED OAK WOOD

COC: Cocoa / ocs 122

SHOWN ON QUARTER SAWN WOOD

COC: Cocoa / ocs 122

RED OAK, MAPLE, WORMY MAPLE, HICKORY, RUSTIC HICKORY, QUARTER SAWN WHITE OAK, CHERRY or RUSTIC CHERRY.

First decide which hardwood you are most interested in. Each has its own distinctive characteristics. Each piece gets built with many individual boards and you may notice some natural variation in color. Lighter boards come from closer to the bark of the tree and vice versa for darker ones. This is a hallmark of genuine hardwood furniture and a stamp of authenticity! No two boards are alike and every piece we build is a unique work of Nature.

» RH: RUSTIC HICKORY

All the strength and durability you would expect from grade Hickory but with the added beauty of knots and pits. Large knots and pits get filled with black epoxy while smaller ones are left open to farther accent the true character of this arresting hardwood. Tell a story – make a statement. Revel in nature's handiwork.

» H: HICKORY

If you are looking for strength, hardness, and durability, Hickory is the most viable wood in North America. The grain is normally straight, but can sometimes be irregular or wavy. Hickory has a coarse texture, with a great deal of color variation between reddish brown, lighter brown, and white. Color variation may have a striped appearance. If your design tastes are for natural wood tones this is one that makes quite an impression.

» O: RED OAK

A beautiful hardwood chosen 50% of the time by Americans for their home furnishings. With three dimensional warmth, relatively uniform color and great durability this species is a popular choice for a reason. It has long been an American staple being the most widely used and purposeful wood even back in the colonial days.

» QS: QUARTER SAWN WHITE OAK

This wonderful wood has characteristics very similar to Red Oak, though rarer. When ¼ sawn it provides “ray flake”. Ray flake is the distinctive striping which comes from cutting the log cross grain. Commonly referred to as Tiger striping. This method and look is prevalent on many antique furniture pieces. Gustave Stickley and the Shakers popularized this high end look with their signature styles which is why Mission and Shaker style pieces are still often displayed in this premium wood.

» C: CHERRY

Found all across the Northeastern shore especially in the Appalachian areas. The finest growth occurs right here in our home state of PA and in West Virginia. The lighter reddish-brown tones create a warm, luxurious look that has made it a favorite for state rooms and mansions which is why this species has become synonymous with wealth and quality. It includes small pitch pockets of mineral and is susceptible to UV and will always darken with exposure to light.

» RC: RUSTIC CHERRY

The same wood as Cherry but with the natural beauty of the “heart wood” (from the center of the tree). This arresting choice contains more of the “sap wood” and “pitting” than standard cherry as well as knots and natural cracks and splits. The character forms a unique and rustic appearance with and unexpected flare that makes a striking statement.

» M: MAPLE (UNSELECTED)

Grown and sustainably harvested from the Great Lakes to the Appalachian mountains. Maple has a durable, tight grain structure. Its tones are more yellow and creamy than cherry. However, it is growing in popularity and has surpassed cherry in preference and is more affordably priced. The luster and changing beauty it creates as light infuses it from different angles plus the natural coloration makes Maple one of the most attractive American hardwood choices available. We use mostly “heart wood” thus the color tones vary from light to beige to dark brown.

» WRM: WORMY MAPLE

Wormy Maple is regular Maple's assertive sibling. It is graded from standard Maple because of the “sap streaks” that naturally occur in this species. It is also separated because of its “worm holes”. Even though it is called wormy the darker streaks are not caused by a worm. They are actually caused by the ambrosia beetle. They leave larvae behind which bore a shallow channel and deposit a fungus that causes the discoloration. These areas are structurally sound. The dark streaks combined with the “worm holes” give it a charming and naturally rustic appeal. Especially when finished in Natural or lighter finishes.

FARMSTEAD

IMPORTED FROM
ABSOLUTELY
NOWHERE

Reminiscent of Grandma's olde country kitchen but with a Transitional flare that blends yesterday's memories with today's styles. Heavy frame construction and plank grooved tops reflect the strength and design with which our olde Famstead was built by our forefathers. Built to last, crafted for generations.

The American Classic Collection presents furniture in the Shaker tradition, known for its beauty and functionality. The Shakers rejected the notion of decorating a table with curved feet or inlay, preferring to build tables with sturdy legs and tops. Our craftsmen have the same commitment to honest and pure design that inspired the Shakers to build such furniture.

FARMSTEAD

OCCASIONAL

» COLLECTION

IMPORTED FROM
ABSOLUTELY
NOWHERE

This collection was designed in commemoration of our 25th anniversary of American Craftsmanship. It is constructed with the heavy Timber Frame construction of the Olde Farmstead where the Country Classic Collection began a quarter century ago. It is crafted with the same meticulous integrity with which our forefathers built our farmstead that has lasted for generations.
